- The meeting commenced with a report from the Treasurer. The PA has opened an account with Cambridge Trust with the intention of moving banks. Directory sales were much lower this year, 217 sold –only about ½ of what we expected/budgeted for directory income. We have reached 84% of the annual budget this year, with one generous donor giving \$25,000.
- The PA has purchased a zoom account for monthly meetings and speaker series support. Holiday 911 held on December 9<sup>th</sup> was well attended. Feedback was positive.
- The communications group has been very active on social media as well as with website updates. A grants page is being developed and will include pictures-“grants in action”.
- Grants Committee has granted \$9,852.66 (\$750 was a pass through donation to the French club) PA responsible for \$9102.56.
- Senior Class Reps reported the moral of seniors has been low as they received college acceptance decisions. They are looking into a February event – maybe hot chocolate. Thinking outside the box for Prom if/when; brainstorming for senior week and what that looks like; possible Spring pop-up lunch.
- Junior Class, Sophomore Class, & Freshman class – no update beyond difficulty holding socials, people are tired of zoom.
- Polly updated the board as to items that Louann Franke needs for the learning commons/feel good projects.
- Tina updated about the Unite with Light community project being help on January 30<sup>th</sup>. Kits can be bought on their website and proceeds will benefit the Chase Bjork foundation.

Meeting adjourned.
